1.	1.1.1	10	APCRDA (the “ Authority ”) has decided to undertake the development of the proposed MICE HUB (the “ Project ”) through Public Private Partnership (the “ PPP ”) on Design, Finance, Build, Operate and Transfer (the “ DFBOT ”) basis	We along with our financial partner institutions would prefer that the land was sold outright to us rather than in a lease format, i.e. we would prefer a build - own and operate model rather than the current BOT model.	APCRDA is currently evaluating all project structure options including the DFBOT, Design-Finance-Build-Own & Operate, JV Model, etc. and the same would be finalized at the RFP Stage. Based on the same, APCRDA reserves the right to take the decision at the RFP Stage, whether to provide the land on lease, freehold basis or any other format.
